"I am convinced that the crisis in the Church that we are experiencing today is to a large extent due to the disintegration of the liturgy" (Cardinal Ratzinger, the future Pope Benedict XVI)

"We went from having a liturgy that was rejected by heretics to one that heretics freely use; from one considered outstanding in beauty to one called 'banal'. We went from one that was holy, reverent, and universal to one that is often irreverent - even invalid - and divisive; from one that was controlled to one that is often 'out of control'. We went from enjoying the richest of fruits to suffering from many bitter fruits. Considering that the Mass is the 'heartbeat of the Church', it is clear that the 'health' of the Mass affects the Church at large. As our enemies have always known, 'It's the Mass that matters!'"
